TRANSVERSE ORIENTATION

The exquisite luxury of silky, warm and mellow cocoon-like shapes and textures transcends into the twisted beauty of darkness. Fluid and alluring, the AW 19-20 Parthenis collection keeps a fine balance between casual-chic and statement pieces, boasting the karmic bond between Parthenis and timeless elegance. Bold drappings, metallic touches and stretchy leather textures blend with classic shapes and minimal transparencies, creating a retro digital-age aesthetic.

Parthenis

A photograph of a man and a woman posing together. The man, with long brown hair, is leaning his head against the woman's shoulder. The woman, with short brown hair, is looking directly at the camera. They are standing in a doorway with a red and gold patterned rug on the floor and a textured wall in the background.
